

EXPERIENCE CAREERS IN DAIRY UNIT

Lesson 6: Career Reflection Activity

Lesson Introduction

Every year in the fall, the Dairy Education Foundation sponsors a farm tour experience for students enrolled in the Dairy Leaders of Tomorrow program. In the fall of 2020, high school students were not able to participate in-person for the farm tours and career experiences. The 2020 DLT Farm Tour was held on Friday, October 9, 2020 virtually. Teachers and students were able to view careers in dairy live on YouTube with the opportunity to ask questions.

Students should have completed five lessons with the following dairy careers: Ag Accountant, Robot Technician, Nutritionist, Crop Specialist, Veterinarian. Using the information learned in the previous lessons, students will be able to complete this Career Reflection Activity in hopes of being able to decide if any of these dairy careers might be of interest in further career exploration.

Essential Questions

- Which career interests you the most and why?

Objectives

- Students will identify new information learned about the careers presented.
- Students will form questions they have about certain careers.
- Students will determine which career interests them most.
- Students will explain the reasons for the chosen career.

Lesson Duration: 20 Minutes

Materials Needed

- *Careers in Dairy Reflection Activity*

Procedure

DLT Farm Tour Careers in Dairy Reflection Activity

Have students access the Careers in Dairy Reflection Activity in Adobe Acrobat as a fillable PDF or pass out a paper copy of it. The students should complete the questions asked in this activity.
